Performance Test Report

Summary:

API tested	http://104.211.214.143:8083/notifier/email
Execution Window	**2018/11/29 17:43 IST to 2018/11/29 17:54 IST**
Maximum User Load	100
Tool Used	JMeter
Average Response Time	707 ms

Transaction Summary:

Label	# Samples	Average	Min	Max	Error %	Throughput
Trigger mail	15661	707	67	19782	0.00%	22.42784
TOTAL	15661	707	67	19782	0.00%	22.42784

Active Threads over Time:
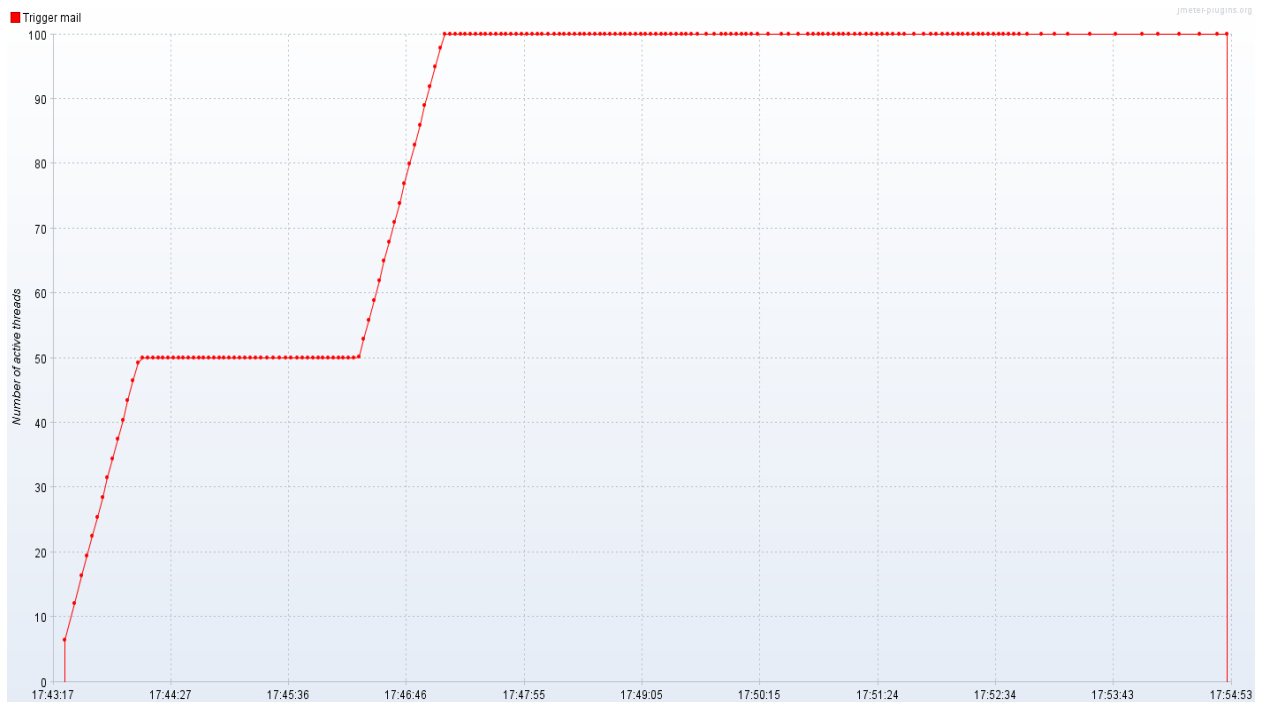

Response Times Over Time:
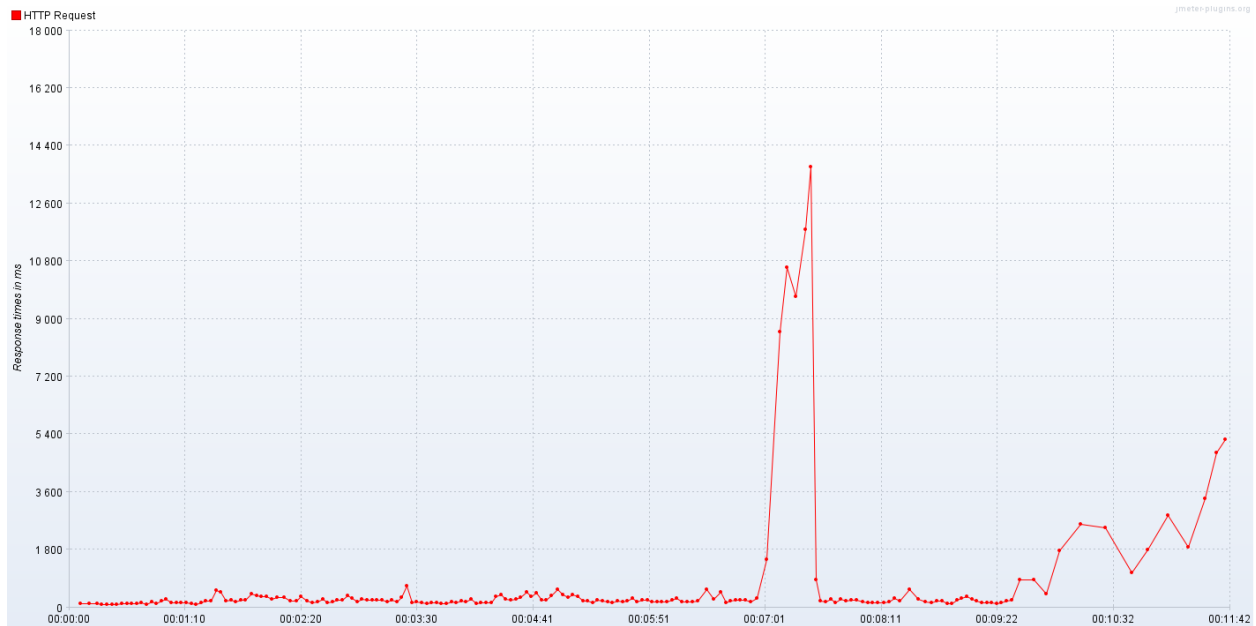

Following pointes are inferred from the test:

- Average response time of the API has been 700 ms, during the load test
- Throughput achieved is 22.4 transactions per second
- Spike is seen in the middle of the test, which may be because of some activity going on the server side
